Author's selection of his best chess compositions with detailed explanatory comments (13 two-movers, 15 three-movers, 3 moremovers, 39 helpmates, 52 selfmates and 35 fairy problems).

In the whole history of chess composition, there have been less than hundred Grandmasters. Uri Avner was definitely one of the very best, especially in the selfmate genre (the only one who won 4× the first place in the World Chess Composition Tournament).
